Poll Sheet

Run up to four polls at once. No names needed.

Name: _____ **Period:** _____

HOW IT WORKS

1. Pick up to four questions. The examples are on the back. Write each one in a poll box with its answer choices.
2. Ask as many students as you can in your 45 minutes. Aim for more than 10.
3. Say: "Hi, I'm ___ from The Hoot. Can I ask you a quick poll question? What grade are you in?"
4. Ask each question the same way every time.
5. Make one tally mark for each answer, in the column for that student's grade.
6. After career day, add up each row and each column.

Poll A

Question: _____

ANSWER CHOICE	10TH GRADE TALLY	11TH GRADE TALLY	12TH GRADE TALLY	TOTAL	PERCENT
Total asked					100%

Poll B

Question: _____

ANSWER CHOICE	10TH GRADE TALLY	11TH GRADE TALLY	12TH GRADE TALLY	TOTAL	PERCENT
Total asked					100%

Poll Sheet: Polls C and D

Name: _____ Period: _____

Poll C

Question: _____

ANSWER CHOICE	10TH GRADE TALLY	11TH GRADE TALLY	12TH GRADE TALLY	TOTAL	PERCENT
Total asked					100%

Poll D

Question: _____

ANSWER CHOICE	10TH GRADE TALLY	11TH GRADE TALLY	12TH GRADE TALLY	TOTAL	PERCENT
Total asked					100%

EXAMPLE POLL QUESTIONS

Or write your own. Percent = total for that answer, divided by total asked, times 100.

1. What is your plan after graduation? (job, college, trade school, military, not sure)
2. Which kind of table was most useful to you? (employer, college, military, other)
3. How many tables did you visit? (0 to 2, 3 to 5, 6 or more)
4. Did career day change your plans? (yes, a little, no)
5. Did you pick up an application or sign up for anything? (yes, no)
6. How do you feel about life after high school right now? (excited, nervous, both, neither)
7. Did you talk to a rep from a job or school you had never heard of? (yes, no)
8. What matters most to you in a job? (pay, schedule, work I like, helping people)
9. How many reps did you talk to for more than 2 minutes? (0, 1 to 2, 3 or more)
10. Would you come to career day again? (yes, maybe, no)
